

# Your child's screening and immunisation information

**On 1 April 2023 the team that look after screening and immunisation information for children in Devon, Cornwall & Isles of Scilly, Bristol, North Somerset, South Gloucestershire, and Somerset is changing.**

- The new team is part of NHS South, Central and West (SCW) and will help health professionals get up-to-date screening and immunisation details about the children they are caring for.
- You and your child do not need to do anything differently, but if you have any questions, you can ask your health visitor or practice nurse.

**Find out more about us and how we keep your child's data safe at:**
